# OUR OATH

## I swear on my honor that

- I will use the learned fighting techniques only for my own defense or to help others in need or distress.
- I will not teach these techniques to other persons without the permission of my teacher
- I do not try these techniques on friends for fun
- I will not brag about this knowledge
- I always behave with respect towards my comrades and fellow men in and outside the training
- I would like to refine my character and if possible I will not miss any practice lesson.
- I will always behave disciplined towards my trainers and comrades
- I try to expand my knowledge on courses.
- I will always be honest to my comrades, to my trainers and to myself

# A Warm Welcome

budo sportsman, master & grandmaster

The KIAB was founded in 1993 by Alfred Kleinschwärzer. called. The idea of that time is still valid today;

"TO UNITE BUDO ATHLETES OF ALL STYLES".

More and more federations copy our main idea. This shows that even then we had a pioneering vision which is developing today in many ways.

And we are proud to say that we now offer more than any other association!

- Certified trainings
- A home for all Budo sports including further education and examination possibilities
- A national and international competition platform
- The connection to the WMAGC (World Martial Arts Games Committee)

The KIAB offers its members unique development opportunities. possibilities in the whole martial arts sector. Practical training and further education programs up to certified martial arts instructor, seminar- and competition events as well as examination possibilities in all BUDO-SYSTEMS are just a few of our many offers. In addition, there is the national and international connection to many cooperation partners in all areas of BUDO and competition.

Our partners in education and training are:

# OUR OFFERS

## EDUCATION & TRAINING

The modern athlete is looking for more than competition. Those who want to become good, train themselves further. We offer sportsmen and sportswomen recognised training and further training courses which are

### **"ADDITIONAL PROFESSIONAL QUALIFICATIONS"**

We offer real opportunities. Whether it's in the self-sufficiency, as a recognised trainer, or as an instructor in club or school, our certificates are not from Associations or schools that are not recognized. We are the alternative to the otherwise only over specialized organs of the martial arts styles affiliated to the NOC holding professional trainer qualifications. Only with the difference that our training courses apply to associations as well as to private schools.

# SEMINARS

## STYLE OR MOTTO SEMINARS

With numerous top instructors from KIAB we have about almost unlimited knowledge about styles, but also for specialized and motto-based judging masters and grandmasters of Budo.

The styles Kempo, Karate, Taekwondo, Kickboxing, Jiu-Jitsu, Kyusho, Seiwakan, Kun-Tai-Ko, Krav Maga and many more, are for them a pool of facets when it comes to famous "thinking outside the box."

Modern self-defense styles like Krav Maga, Kapap or seminars to prepare for style-specific tests or championships are our specialty.

You do not recognize the true value of a human being by his words, but by his deeds

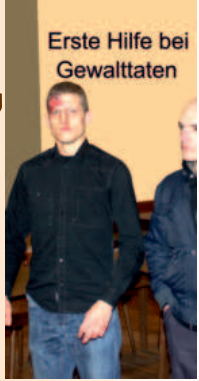

# THE BfSD-ACADEMY of the Bundesfachverband

## für Sicherheit & Selbstverteidigung in Deutschland

The BfSD Academy of the Federal Association for Security & Self-defence in Germany is the direct training and continuing education platform for members of the KIAB. Through the KIAB membership is given to active KIAB members Top training in handling competence, to additional professional qualifications and to training as a trainer in various modularly structured areas. You can get further information via [www.bfsd.group](http://www.bfsd.group) experience. The training courses available there for our KIAB members are together with strong partners (state-approved educational institutions) managed and certified. The respective training courses range from safety training, on self-defence, violence prevention and various user training for arrest, first access training, handling of command and resources, rhetorical de-escalation and much more.

It's hard to get the  
Torch of Truth  
through a crowd  
without anyone  
to sing the beard!

# OUR PARTNERS

## In terms of education & training

Behind every serious association is a good platform for education and further training, which provide a qualifying has character. The visit of budo specific seminars alone is not enough to justify the responsibility of a to do justice to good and authentic trainers.

In order to guarantee high standards, we have been years with two strong partners in cooperation regarding qualification of trainers.

This is on the one hand the "VOSS-Society e.V.". ([www.voss-society.org](http://www.voss-society.org)) and on the other the Academy of the Federal Professional Association for Security and Self-Defence in Germany ([www.bfsd.group](http://www.bfsd.group)).

# ACADEMY - EDUCATION

## Qualification by Budo sportsmen & management

In 2010 the Kwon Academy and 2018 the Top Ten Academy were established with the aim Budo sportsmen and women offering a special service through intensive training and certifications in the fields of martial arts, competitive sports, fitness, security and management. This was followed in 2020 by the joint work with the VOSS-Society e.V. and it's diverse offerings.

World champions and experts in their field convey content at the highest level to the participants of the annual training courses in BfSD-Academy as well as in the training centre of the VOSS-Society e.V.

It's the only place you'll meet the top-Athletes that you would normally expect to see on film and Television or by live broadcast.

These top athletes also give their experiences to you and are "tangible" and open to all the questions.

Even a 1000 mile trail begins with the first step

# VOSS-SOCIETY

A social partner who moves people

**MAT** stands for Martial Arts Traditional. The martial artists and martial artists among us find the right basis for all styles of training. We are open-minded and are happy to combine even the most exotic styles with each other, to give them a home and to be able to take and pass recognized exams together with the respective style instructors.

**MAC** means Martial Arts Competition. This division takes care of all matters that are directly or indirectly related to martial arts competition. Whether Ju-Jitsu competition, Karate-Kumite, Taekwondo, Kickboxing, Combat-Hapkido, Brazilian Jiu-Jitsu and many more, or all forms known to us from the established styles such as Kata, Hyong, Poomse, Tools, Chinese Forms, Modern Forms, Musical Forms and many more, find a professional platform in MAC. This is guaranteed by our national partner NMAC-Germany and by the WMAGC (World Martial Arts Games Committee).

**IFA** is our section for the "Intelligent Fitness Athlete". Whereby it has to be said that an intelligent fitness athlete does not only have to do with weights in the gym. There is much more to it than that. We offer coaching and advice in nutritional matters, offer nutritional supplements from our partner Hajoona and offer interested members the possibility of independence through an additional income, if desired.

**ProP** or Protect People makes it clear that it is about protecting each and every one of us. We organise citizens' consultations on the topics of self-defence, home security, security checks in the residential and commercial sector or the many legal options for protecting oneself or family/friends through tools available in the trade.

Prevention & Tactical Security P-TACS, has a preventive character. Together with the Academy of the Federal Association for Security, we train train trainers on the topics of defence & security, self-defence and prevention of violence. We also ensure that people with disabilities can benefit from self security training by training and educating trainers through the HELP (Handicaped Education Life Program).

**TO PROTECT US AND OUR LOVES** is a sentence that speaks for itself. We see ourselves as a role model for more security, a protected, healthy and sportive lifestyle and a well-founded education in all kinds of tactical and practical self-defence methods. Our main task is to unite the world of sports in our very special way by combining fitness, health, martial arts styles of all kinds and preventive security work including workshop offers for self-protection. Another big part are our fantastic partners all over the world, who facilitate cultural exchange, congresses and meetings by organizing Continental and World Martial Arts Games every year, and related cross-cultural congresses all over the world.

The VOSS-Society e.V. was founded in Germany and is a non-profit association registered at the registration court in Stendal.

- Karate Kumite
- Kickboxing (semi- and light contact and team)
- Grappling (No-Gi, Mit-Gi, All Combat/Sport Jiu-Jitsu)
- Breaking test (Traditional & Creative)
- Self-defence (Creative & Real)
- Rumble for Kids

## THE WMAGC

World Martial Arts Games Committee

The WMAGC was founded in 2005. It is the historically proven Original WMAGC. In the meantime many are trying to copy this idea, for this reason this must be mentioned will be.

You will find more information under [www.wmagc.org](http://www.wmagc.org)

Email: [president@nmac-germany.org](mailto:president@nmac-germany.org)

Since August 2021, Hanshi Kleinschwärzer has been the regulating hand for the entire competition division. Throughout the year, he organises competition-specific training courses and athlete evaluations (squad training courses). He also organises important qualification tournaments and holds referee licence seminars for all disciplines offered at the World Martial Arts Games. The formation of the national squad and the promotion of athletes are also part of his duties.

He also liaises with our co-operating competition federations to organise and co-ordinate joint training courses and championships. As WMAGC President, he knows what responsibility means.

You get thrown seven times,  
then rise eight times.

# WMAGC's AS OUR PARTNER

A FAMILY ATMOSPHERE PARTNER WITH WORLD WIDE NETWORK

In 2005, the countries of Germany, Australia, Switzerland, Ireland, USA and Canada met in the small Bavarian town of Rosenheim, where the foundation stone for the WMAGC was laid at the suggestion of Freddy Kleinschwärzer. The WMAGC organises continental and world martial arts games every year in alternation. The countries are selected in a democratic process through a bidding process. The country with the best infrastructure usually wins the bid.

The WMAGC cooperates with major international and national federations and has been growing steadily since its foundation in July 2005. For Germany, NMAC-Germany is the extended arm of the WMAGC.

# KIAB's PARTNER - BfSD e.V.

Federal Association for Security in Germany e.V.

In 2016, the two associations BfSD-Group and KIAB merged. Previously, the BfSD Group was known as the Academy Defense & Security. For many years, modern topics such as security & self-defence were taught here via educational providers. The BfSD-Group is a training centre that is certified according to the strict guidelines of VOSS QS 01.0048-12/20. It brings modern training to KIAB and thus the harmonious way between tradition and current martial arts trends.

The quality management of the BfSD Group is certified according to the strict guidelines and standards of QS-VOSS 01.0048-12/20.

## Exclusively and only for KIAB members

# EXAMINATIONS IN THE KIAB

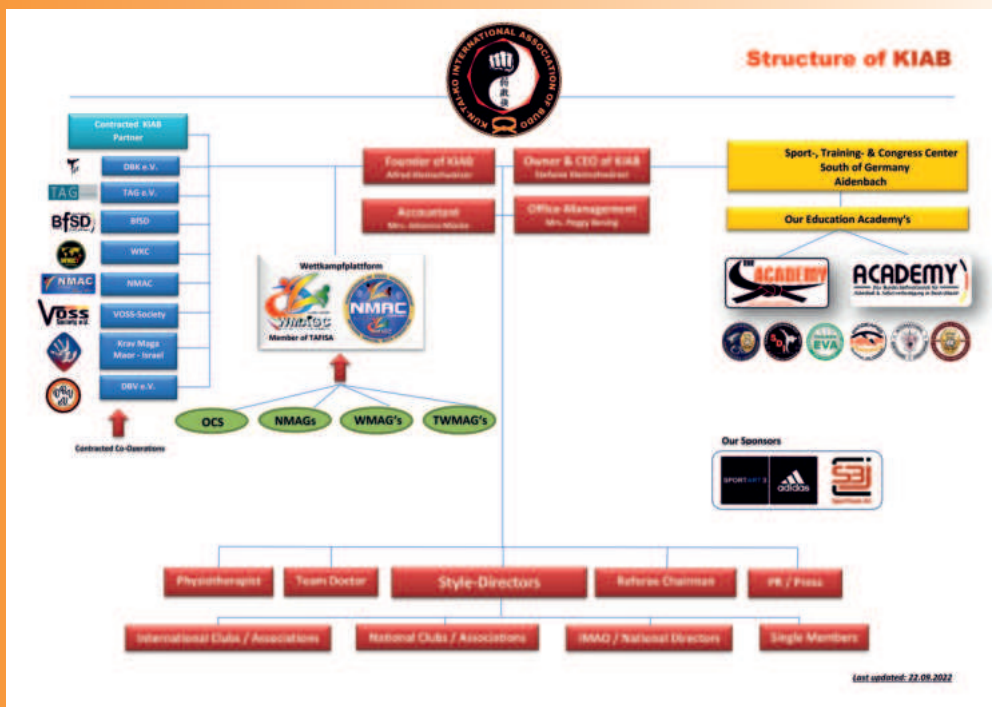

## WE EXAM ALL STYLES

For us, it is irrelevant which style you practice when it comes to the next examinations. We have qualified examiners on hand for every case, who will take the examinations together with the style representative.

Our certificates are of the highest quality in Din A 4 for student degrees and in Din A 3 for master degrees with a forgery-proof hologram and embossing.
